Notice of Study Commencement

Evaluation of Isthmus Bay Road Improvement
Municipal Class Environmental Assessment
Municipality of Northern Bruce Peninsula

The Municipality of Northern Bruce Peninsula is planning to carry out improvements to the Isthmus Bay Road from the Village of Lion’s Head to Whippoorwill Road. Alternatives for road improvement will be evaluated in accordance with phases 1 and 2 of the Municipal Class Environmental Assessment.

There are approximately 124 lots with cottages or homes in the study area. The length of the existing municipal road from the North edge of Lion’s Head to Whippoorwill Road is 3.0 km. The minimum alternatives that will be considered are the following:

Alternative 1 – Upgrade the Isthmus Bay Road to the rural road standard.
Alternative 2 – Upgrade the Isthmus Bay Road to an urban standard with curb and gutter and storm sewers.
Alternative 3 - Upgrade the Isthmus Bay Road to reduce flooding problems
Alternative 4 – Do nothing.

As part of any of the upgrades to the Isthmus Bay Road extension, communal water services from Lion’s Head will be considered as an option, while road improvements are being made to reduce the cost of communal water services to this area, if desired.

This study is being conducted following the planning and design process of the Municipal Class Environmental Assessment for road projects.

An initial Public meeting will be held on Friday, August 12, 2016 from 5:00 pm to 7:00 pm at the Lion’s Head Arena.

Public input is encouraged throughout the process. If you have any immediate comments or want to add your name to the project mailing list, or have any comments or questions, please contact the under- signed by August 31, 2016.

This Notice issued on August 9, 2016.
