Municipality Acquires Lands in Lion's Head for Future Recreational Facilities

Municipality of Northern Bruce Peninsula — July 16, 2026 — The Council of the Municipality of Northern Bruce Peninsula is pleased to announce the acquisition of lands in Lion's Head for the future development of recreational facilities to better serve residents and the broader community.

Located south of Ferndale Road on Main Street the property provides the Municipality with an opportunity to undertake long-term planning for expanded recreational and community amenities within the Municipality.

The acquisition represents an important investment in the future of the community and will allow the Municipality to consider recreational needs as the Municipality continues to grow and evolve.

"Acquiring this property is an important step toward ensuring that Lion's Head has the land and flexibility needed to support future recreational opportunities," said Mayor Milt McIver. "This is a long-term investment in the health, well-being and quality of life of our residents. We look forward to working with the community as plans for the property are developed."

Further information regarding the planning process and opportunities for community engagement will be shared as the project progresses.
