**The Corporation Of The Municipality Of
Northern Bruce Peninsula
By-Law 2002-54**

A by-law to regulate the use of land and the erection, use, bulk, height, spacing of and other matters relating to buildings and structures and to prohibit certain uses of land and the erection and use of certain buildings and structures in the Municipality of Northern Bruce Peninsula.

WHEREAS the Council of the Corporation of the Municipality of Northern Bruce Peninsula consider it advisable to restrict the use of land and the erection of buildings and structures on land situated within the Municipality of Northern Bruce Peninsula.

AND WHEREAS authority is granted under Section 34 of The Planning Act, R.S.O. 1990, to the Council of the Municipality of Northern Bruce Peninsula to exercise such powers;

NOW THEREFORE the Council of the Corporation of the Municipality of Northern Bruce Peninsula enacts as follows:

Section 1 - Title

This By-law may be cited as the Comprehensive Zoning By-law of the Municipality of Northern Bruce Peninsula.

Section 2 - Application Of By-Law

No building or structure shall hereafter be erected or altered, and the use of any building, structure or lot shall hereafter not be changed in whole or in part except in conformity with the provisions of this By-law.

Section 3 - Interpretation (Text)

- 3.1 The particular shall control the general;
- 3.2 The word "shall" is mandatory and not discretionary; and the word "may" is permissive;
- 3.3 Words used in the present tense shall include the future; and words used in the singular number shall include the plural and the plural shall include the singular, unless the context clearly indicates the contrary;
- 3.4 A "Building" or "Structure" includes any part thereof.

Section 4 - Administrative Provisions

4.1 Applications, Plans And Permits

4.1.1 In addition to all the requirements of the Corporation's Building By-law or any other By-law of the Corporation, every application for a building permit shall be accompanied by a plan (prepared by an Ontario Land Surveyor if deemed necessary) in duplicate, (one copy of which shall be retained by the Chief Building Official) drawn to scale and showing the following:

- a) The true dimensions of the lot to be built upon or otherwise used; and
- b) The proposed location, height and dimensions of any building, structure or use proposed for such lot; and
- c) The proposed locations and dimensions of any yards, setback, landscaped open space, off-road parking and loading facilities required by this By-law; and
- d) The location of all existing buildings, structures, wells, hydro services, and sewage disposal systems on the lot; and
- e) A statement signed by the owner, disclosing the exact use proposed for each aforesaid building, structure or use and giving all information necessary to determine if such proposed or existing building, structure or use conforms to the requirements of this

By-law.

4.1.2 No building permit shall be issued where the proposed building, structure or use would be in violation of any of the provisions of this By-law.

4.1.3 In addition to all other requirements of the Corporation, every application for a building permit shall be made in compliance with the Ontario Building Code Act, R.S.O. 1990, and amendments thereto.

4.2 Inspection Of Premises

The Chief Building Official, By-law Enforcement Officer, or Zoning Administrator of the Corporation, upon producing proper identification, may enter at all reasonable times to inspect and examine any building or premises for which a permit or order has been issued and no officer or person acting under his instruction shall enter any room or place used as a dwelling unit without the consent of the owner or without a warrant issued pursuant to The Provincial Offences Act.

4.3 Violations And Penalties

4.3.1 Pursuant to s.67 of the Planning Act, R.S.O. 1990, every person who contravenes any of the provisions of this By-law is guilty of an offence and on conviction is liable,

- i) on a first conviction to a fine of not more than twenty-five thousand dollars (\$25,000); and
- ii) on a subsequent conviction to a fine of not more than ten thousand dollars (\$10,000) for each day or part thereof upon which the contravention has continued after the day on which he was first convicted.

4.3.2 Pursuant to s.67 of the Planning Act, R.S.O. 1990, where a corporation contravenes any of

North Bruce Peninsula Comprehensive Zoning By-law 2002-54

the provisions of this By-law, the maximum penalty that may be imposed is:

- i) on a first conviction a fine of not more than fifty thousand dollars (\$50,000); and
- ii) on a subsequent conviction to a fine of not more than twenty-five thousand dollars (\$25,000) for each day or part thereof upon which the contravention continued after the day on which the Corporation was first convicted.

4.3.3. Every such fine shall be recoverable under the Provincial Offences Act, all the provisions of which apply, except that any imprisonment shall be as provided in The Municipal Act.

4.4 Remedies

4.4.1. In case any building or structure is, or is proposed to be erected, altered, reconstructed, extended, or enlarged, or any building or structure (or part thereof) is, or is proposed to be, used in contravention of any requirement of this By-law, such contravention may be restrained by action at the insistence of any citizen of the Corporation.

4.4.2. Where a person guilty of an offence under this By-law has been directed to remedy any violation and is in default of doing any matter or thing required, such matter or thing shall be done at the expense of such person.

4.4.3. Where a person has refused or neglected to reimburse the Corporation for the cost of such work, thing or matter done, the same may be recovered by the Corporation by an action or otherwise in such amount shall be added to the collectors roll and form a lien in a like manner as municipal taxes.

4.4.4. Where any By-law of the municipality, passed under the authority of The Planning Act is contravened and a conviction entered, in addition to any other remedy and any penalty imposed by the By-law, the Court in which the conviction has been entered, and any court of competent jurisdiction, thereafter, may make an order prohibiting the continuation or repetition of the offence by the person or persons convicted.

4.5 Validity

Should any section, clause or provision of this By-law be held by a court of competent jurisdiction to be invalid, the validity of the remainder of the By-law shall not be altered.

4.6 Licenses, Permits And Other By-Laws

Nothing in this By-law shall exempt any person from complying with the requirements of the Building By-law or any other By-law in force with the Corporation or from obtaining any licence, permission, permit, authority, or approval required by this or any other By-law of the Corporation unless hereinafter specifically stated.

4.7 Greater Restrictions Of Others To Govern

Nothing in this By-law shall reduce the severity of restrictions lawfully imposed by a government authority having jurisdiction to make such restrictions.

4.8 Health Approval

Where the issuance of a permit for a building or structure or change of use of an existing building or structure may affect any sewage disposal system, either on the subject land or on adjacent lands or any water supply, no building permit shall be issued for such building or structure unless the building permit application is accompanied by approval in writing from the Ministry of the Environment or approving agency for the proposed method of sewage disposal and water supply.

4.9 Metric And Imperial Measurement

All measurement figures used in the By-law shall be metric measurement. The approximate imperial equivalents to the metric measurements used in this By-law are shown in brackets following each such metric measurement and are provided for information purposes only and do not form part of this By-law.

4.10 Requests For Amendments

Every request for an amendment to this By-law shall be accompanied by three copies of an "Application for Amendment" provided by and available from the Corporation of the County of Bruce.

Section 5 – Definitions

For the purposes of this By-law, the definitions and interpretations given in this section shall govern.

“Abattoir” means a building or structure designed to accommodate the penning and slaughtering of live animals and the preliminary processing of animal carcasses and may include the packing, treating, storing and sale of the product on the premises.

“Accessory” when used to describe a use, building or structure subordinate means a use, building or structure, incidental and exclusively devoted to the principal use, building or structure located on the same lot therewith and not designed or intended for human habitation unless specifically permitted elsewhere in this By-law.

- 6.11.9 Maximum number of occupants or guests, in addition to staff and host family, permitted to stay within a Bed and Breakfast Establishment - eight (8).
- 6.11.10 All Bed and Breakfast establishments must be licensed by the corporation.

6.12 Zoning Over Water Bodies

Except as otherwise provided, all lands below the high water mark elevation of 177.6 m G.S.C. (582.6 ft), the water body itself, the space above the water body and the area from the inland side of any shore road allowance to the high water mark, are zoned Environmental Hazard Area. Such Environmental Hazard Area Zone shall extend to the international boundary where applicable and all inland lakes over 2 hectares (4.9 acres) in area.

6.13 Non-Conforming Uses

- 6.13.1 Nothing in this By-law shall apply:
 - (a) to prevent the use of any land, building or structure for any purpose prohibited by this By-law if such land, building, or structure was lawfully used for such purpose on the day of the passing of this By-law, so long as it continues to be used for that purpose; or
 - (b) to prevent the erection or use for a purpose prohibited by this By-law of any building or structure for which a permit has been issued under Section 8 of The *Building Code Act*, prior to the day of the passing of this By-law, so long as the building or structure when erected is used and continues to be used for the purpose for which it was erected and provided that the permit has not been revoked under Section 8 of The *Building Code Act*.
 - (c) to prevent the strengthening to a safe condition of any building or structure or part of any such building or structure which does not comply with the provisions of this By-law, provided such alteration or repair does not increase the height, size or volume or change the use of such building or structure; or

- (d) to prevent the restoration of any building or structure which does not comply with the provisions of this by-law, where such building or structure is damaged by means beyond the control of the owner such as by fire or an act of nature, provided that:
 - i) such restoration does not increase the height, size or volume or change the use of such building or structure; or
 - ii) such reconstruction shall comply with all applicable setbacks and yard provisions of the applicable zone.

6.13.2 A use of a lot, building or structure which under the provisions hereof is not permissible within the zone in which such lot, building or structure is located shall not be changed except to a use which is permissible within such zone, or such other compatible uses as may be approved under Section 45 of The *Planning Act*, R.S.O. 1990.

6.14 Non-Complying Uses

6.14.1 Rebuilding, Repairs and Renovations

Nothing in this By-law shall prevent the rebuilding, repair, or renovation of a non-complying use, building or structure which has been damaged or destroyed by fire or natural disaster providing that such rebuilding, repair or renovation does not further contravene this By-law.

6.14.2 Additions and Accessory Uses Permitted

- i) Nothing in this By-law shall prevent an addition or extension being made to a Non-Complying Use, building or structure provided that such addition or extension does not contravene, or further contravene, any provision contained in this By-law.
- ii) Nothing in this By-law shall prevent the erection or enlargement of uses, buildings or structures accessory to a Non-Complying Use, building or structure provided that such erection or enlargement does not contravene, or further contravene, any provision contained in this By-law.

B. General Lot Regulations

6.15 Frontage On A Public Road

- 6.15.1 No person shall erect any building or structure in any zone unless the lot upon which such building or structure is to be erected fronts upon a road which is an improved road and is part of the Corporation's approved road system, or in the case of a lot on a Registered Plan of Subdivision, unless a 'Subdivider's Agreement' is in effect.
- 6.15.2 For the purposes of Section 6.15.1 a Provincial Highway or County Road shall be considered an improved road forming part of the Corporation's approved road system.

6.16 Established Building Line In Built-Up Area

Notwithstanding the yard and setback provisions of this By-law to the contrary, where a permitted building or structure is to be erected on a lot in a built-up area, where there is an established building line extending on both sides of the lot, such permitted building or structure may be erected closer to the road line, or the centre line of the road as the case may be, than required by this By-law provided such permitted building or structure is not erected closer to the road line or the centre line of the road, as the case may be, than the established building line on the date of passing of this By-law.

For the purposes of the above-noted section the established building line for a vacant lot shall be considered the required setback.

6.17 Through Lots

Where a lot is a through lot, a front yard shall be provided on each road on which the lot has frontage.

6.18 Permitted Yard Encroachment

Except as otherwise provided, no obstruction or occupation of the space in any yard required by this By-law shall be permitted except the following:

- 6.18.1 Sills, belt courses, chimneys, cornices, eaves, gutters, parapets, pilasters, bay windows and other ornamental architectural features may project into any required yard but not more than 83 cm (32.6 inches).
- 6.18.2 Unenclosed porches and covered or uncovered steps and sundeck patios may project into any required yard but not more than 1.5 m (4.9 ft).
- 6.18.3 Open steel fire escapes may project into any required side or rear yard but not more than 1 m (3 ft).
- 6.18.4 Balconies may project into any required yard but not more than 1 m (3 ft).
- 6.18.6 Awnings, clothes poles, flagpoles, garden trellises, fences, retaining walls, recreational equipment and similar accessories shall be permitted in any required yard.

6.19 Reduction Of Requirements

6.19.1 No person shall:

- (a) change the purpose for which any lot, building or structure is used, or
- (b) erect any new building or structure, or
- (c) add to or take away from any existing building or structure, or
- (d) reduce any lot in area by conveyance or alienation of any portion thereof or otherwise,

if the effect of such action is to cause the original, adjoining, remaining or new building, structure or lot to be in contravention of this By-law.

6.19.2 In the event that a contravention of this By-law occurs as a result of any action described in Section 6.19.1, no building or structure located on the lot shall thereafter be used until the requirements of this By-law applicable thereto are complied with.

6.19.3 The provisions of Section 6.19.1 and 6.19.2 shall not apply to lands severed pursuant to the provisions of The Expropriations Act or road widening acquired by a governmental authority.

6.20 Fencing Of Privately Owned Outdoor Swimming Pools

The owner of every privately owned outdoor swimming pool, which is constructed subsequent to the passing of this By-law, shall, prior to filling the pool with water, erect and maintain a fence completely enclosing the pool as per the requirements of the Ontario Building Code Act.

6.21 Drainage Of Lots

In any residential, commercial or industrial zone all lands, buildings and structures shall provide adequate drainage so as to prevent the flow of surface water onto adjoining lots.

6.22 Planting Area

6.22.1 Required Locations

Except as otherwise provided, where a lot is used for a non-residential purpose as permitted in any commercial, industrial zone, or institutional zone, and;

- (i) where the interior side lot line or rear lot line of such lot abuts any lot used or zoned for residential purposes or;
- (ii) where such lot is in an industrial zone and the front, side or rear lot line abuts a road line and the opposite road line abuts a residential zone;

then the land on such lot adjoining such abutting lot lines shall be used for no purpose other than a planting area, in accordance with the provisions of this section.

6.22.2 Width of Planting Area

Unless otherwise provided, a planting area shall have a minimum width of 1m (3 ft).

6.22.3 Vegetation Height

The required hedgerow or screen of shrubs and/or evergreens shall be a minimum height of 1 m (3 ft) when planted and of a type that will attain a minimum height of 3 m (9.8 ft) at maturity.

No vegetation within a sight triangle shall exceed the height of 1 m (3 ft).

6.22.4 Interruption for Driveway or Walkway

Where interrupted by walkways or driveways, a planting area need not be provided closer than 1.5 m (4.9 ft) to a walkway or 3 m (9.8 ft) to a driveway.

6.22.5 Landscaped Open Space

A planting area referred to in this section may form part of any Landscaped Open Space required by this By-law.

C. General Building Regulation

6.23 Exceptions To Maximum Height Regulations

The regulations prescribing the maximum height of any building or structure shall not, in any zone, apply to flag poles, radio or television receiving or transmitting equipment servicing and owned by the occupant of a detached dwelling, grain elevators, salt or gravel storage buildings constructed by a public body, windmills, farms buildings and structures, church spires, belfries, cupolas, observation towers or domes not used for human occupancy, chimneys, smoke stacks, ventilators, skylights, water tanks, bulk heads, firewalls, and similar features and necessary mechanical appurtenances accessory to the building on which they are erected; provided however, that such features are erected only to such heights as is necessary to accomplish their purposes.

6.24 Dwelling Units Below Grade

No dwelling unit shall in its entirety be located in a cellar. If any portion of a dwelling unit is located in a cellar such portion of the dwelling unit shall be used as a furnace room, laundry room, storage room, recreation room or for a similar use only. However, a dwelling unit in its entirety may be located in a basement in accordance with the permitted uses and regulations of this By-law.

D. Special Setbacks And Restrictions

6.25 Watercourse Setbacks

6.25.1 Municipal Drains

- 6.25.1.1 Notwithstanding any yard provisions of this By-law, except as otherwise provided no person shall hereafter erect any permanent building or structure in any zone which is:
- (a) closer than 15 m (49 ft) from an open municipal drain as defined in the Drainage Act R.S.O. 1990,
 - (b) closer than 8 m (26 ft) to an enclosed municipal drain as defined in the Drainage Act R.S.O. 1990.
- 6.25.1.2 Notwithstanding the above, no setback shall be required for public facilities such as drainage culverts; municipal, county, or provincial bridges and other similar public facilities.

6.25.2 Natural Watercourses

- 6.25.2.1 Notwithstanding any yard provisions of this By-law, except as otherwise provided, no person shall hereafter erect any permanent building or structure in any zone which is:
- (a) closer than 30 m (98 ft) from a watercourse shown on Schedule "A" to this by-law.
- 6.25.2.2 Notwithstanding the above no setback shall be required for public facilities such as drainage culverts; municipal, county, or provincial bridges and other similar public facilities.

6.26 Setbacks From Waste/Sewage Disposal (WD) Zones

6.26.1

- a) No building or structure erected and used for human habitation shall be located closer than 60 m (196.8 ft) from any area zoned for and containing a licensed waste disposal site either within or outside the limits of the Corporation as shown on Schedule "A" to this By-law.
- b) No building or structure erected and used for human habitation shall be located closer than 60 m (196.8 ft) from any area zoned for and containing a licensed municipal sewage treatment works either within or outside the limits of the Corporation as shown on Schedule "A" to this By-law.

- 6.26.2** Notwithstanding the above noted section, nothing in this By-law shall prevent an addition or extension being made to an existing structure used for human habitation in compliance with the requirements of the applicable zone.

6.27 Sight Visibility Triangles

The intersection of all roads within the municipality shall require the maintenance of a sight visibility triangle as defined in the definitions section of this by-law. The following restrictions shall apply to site visibility triangle areas:

- (i) No building, structure, fence, sign, or vegetation greater than 1m (3ft) in height above the elevation of the centre of any adjoining road shall be permitted;

- (ii) Vehicular parking is prohibited; and,
- (iii) Finished grade will not exceed the elevation of the road line by more than 60cm (23.6 inches).

6.28 Open Storage - Commercial And Industrial Zones

6.28.1 Minimum Setbacks

- (a) The minimum setback from any front, side, or rear lot line of any permitted open storage in any commercial or industrial zone shall be no less than the respective minimum front, side or rear yard of the zone in which the said open storage is located unless otherwise specified hereinafter.
- (b) In any lot in an Industrial or Commercial zone, where any side or rear lot line abuts a lot in the same zone as the zone in which the said lot is located, the minimum setback of any open storage shall be 3 m (9.8 ft) from the side or rear lot line.

6.28.2 Surface Treatment

Any permitted open storage area, or vehicular access thereto, involving the storage, parking or display of motor vehicles for the purpose of sale, lease, rental, washing, service or repair, or any primary means of vehicular access to any permitted open storage area, shall be constructed and maintained with a stable surface of crushed stone or gravel adequately treated to prevent the raising of dust or loose particles, and shall include provisions for adequate drainage facilities.

6.28.3 Parking and Loading Spaces to be Preserved

Any areas used for permitted open space storage shall be in addition to and separate from such areas as may be required by this By-law for the provision of off-road parking or loading space.

6.28.4 Lighting

Where lighting facilities are provided in conjunction with any permitted open storage, such lighting shall be so arranged as to deflect light onto the open storage area and away from any adjoining properties.

6.29 Open Storage - Residential Zones

- 6.29.1 No person shall use any lot in any Residential Zone for the parking or open storage of more than two commercial motor vehicles.

6.30 Lake Huron - Georgian Bay Flood Constraint Regulations

The placement of habitable structures on all lands adjacent to Lake Huron or Georgian Bay shall be subject to one of the following flood constraint regulations:

6.30.1 Flood Proofing

In any zone, no building openings associated with the habitable floor area of a dwelling or structure shall be located at or below the minimum elevation of 179.1 m G.S.C. (587.5 ft) for lands adjacent to Lake Huron and 178 m G.S.C. (583.9 ft) for lands adjacent to Georgian Bay.

or;

In any zone on lands adjacent to Georgian Bay or Lake Huron, all habitable buildings shall be setback a minimum of 15 m (49 ft) measured horizontally from the 177.6 G.S.C. (582.6ft) elevation.

6.30.2 Additions and Accessory Uses Permitted

The flood proofing requirements outlined in the above noted section shall not be applied to the expansion of existing buildings and structures where such expansion represents an increase in ground floor area less than 50 % of the original structures ground floor area.

6.31 Shoreline Development Constraint

6.31.1 Prohibited uses

The following uses are prohibited below the minimum flood proofing elevations noted in [Section 6.30](#) of this by-law:

- i) the manufacture, storage and/or consumption of hazardous or toxic substances.
- ii) hospitals, nursing homes, and schools.
- iii) fire and ambulances stations, and electrical substations.

(a) Parking spaces shall be provided at the time of erection of any building or structure, or at the time any building or structure is enlarged.

(b) Parking spaces shall be located on the same lot or within the same building as the use for which said parking is required.

However, where the owner of a building or structure proposes to provide the required parking spaces and areas in a location other than on the same lot as the use that requires such spaces and areas, then such shall be located not more than 150 m (492.1 ft) from the said lot.

(c) Uncovered parking spaces may be located in the required yards except that:

- (i) in any zone other than a residential zone no parking space shall be permitted on a lot closer to any road line than 3 m (9.8 ft); and
- (ii) in any zone no parking area for residential uses containing 3 or more units shall be permitted within any front, interior or exterior side yard.

6.32.4 Application of Parking Requirements

When a building or structure has insufficient parking on the date of passing of this By-law to conform to the requirements herein, this By-law shall not be interpreted to require that the deficiency be made up prior to the construction of any addition. In the case of the expansion or enlargement of an existing building or structure, the requirement for the provision of additional parking spaces shall be based on said expansion or enlargement. In the case of a change in use the number of parking spaces required will be determined by calculating the difference between that which would be required by the new and the existing uses.

6.32.5 Seating Accommodation by Benches

For the purposes of [Section 6.31.1](#), where benches provide seating accommodation, 0.5 m (1.6 ft) of bench space shall be considered as equivalent to one (1) seat.

6.32.6 Driveways

- (a) A driveway entrance serving a detached dwelling, or a semi-detached dwelling shall have a width of 3 m (9.8 ft) minimum, 6 m (19.6 ft) maximum. A driveway entrance serving any other use shall have a width of 3 m (9.8 ft) minimum, 9 m (29.5 ft) maximum.
- (b) The maximum width of any joint entrance and exit driveway measured along the road line shall be 9 m (29.5 ft).
- (c) The minimum distance between a driveway and an intersection of road lines measured along the road line intersected by such driveway shall be 9 m (29.5 ft).
- (d) The minimum angle of intersection between a driveway and a road line shall be 60 degrees.
- (e) Every lot shall be limited to the following number of driveways:
 - (i) Up to the first 30 m (98 ft) of frontage measured along the road line not more than one (1) driveway. A residential use not on a Provincial Highway or County Road may have a 'U' shaped driveway.
 - (ii) For each additional 30 m (98 ft) of frontage measured along the road line not more than one (1) additional driveway.
- (f) Parking areas and associated driveway systems servicing any use other than a cottage dwelling, duplex dwellings, triplex dwellings, fourplex dwellings, detached dwellings and road townhouses and semi-detached dwellings shall be designed in such a manner that any vehicle entering or leaving a road or public lane need not travel in a backwards motion.
- (g) A driveway serving a non-residential use shall not be located closer than 3 m (9.8 ft) to a lot containing a dwelling as a principle use.
- (h) A driveway serving a residential use shall not be located closer than 1 m (3.2 ft) to the side property line, save and except for a joint driveway servicing two lots in which case the driveway shall not require any setback.

6.32.7 Surfacing and Drainage of Parking Areas and Access Lanes

All driveways shall be constructed of asphalt, paving stones, concrete or portland cement binder, or a stable surface of crushed stone or gravel and shall be maintained or treated so as to prevent the raising of dust or loose particles. Drainage shall be provided so as to prevent the flow of surface water on to adjoining lots.

6.32.8 Illumination of Parking Areas or Driveways

When parking areas and/or driveways are illuminated, lighting fixtures shall be so arranged that no part of any fixture shall be more than 9 m (29.5 ft) above the adjoining finished grade and light shall be directed downward and away from adjoining lots.

6.32.9 Landscaping

- (a) Where, in any yard in any zone, a parking area which is required to provide for more than four off-road parking spaces adjoins a lot in a residential zone, a minimum landscaped area of 3 m (9.8 ft) shall be provided within the lot requiring such parking area and along the lot line adjoining such residential zone.
- (b) Where, in any yard in any zone, a parking area which is required to provide for more than four off-road parking spaces adjoins a road, then a landscaped area of a minimum width of 3 m (9.8 ft) shall be provided within the lot requiring such parking area along the lot line adjoining such road.

6.33 Loading Regulations

The owner or occupant of any lot, building or structure erected or used for any purpose involving the frequent receiving, shipping, loading or unloading of animals, goods, wares and merchandise and raw materials, shall provide and maintain at the premises, on the lot occupied by the building or structure and not forming part of a road or lane, within the zone in which such use is located, loading and unloading spaces in accordance with the following regulations:

6.33.1 Required Number of Spaces

Gross Floor Area of Building or Structure	Number of Loading Spaces Required
100m ² (1,076ft ²) to 300m ² (3,229ft ²) or less	1
over 300m ² (3,229ft ²) but not over 2,500m ² (26,910.6ft ²)	2
over 2,500m ² (26,910.6ft ²) but not over 8,000m ² (86,114 ft ²)	3
over 8,000m ² (86,114ft ²)	3 spaces, plus 1 additional space for each additional 10,000m ² (107,642.6ft ²) or fraction thereof in excess of 8,000m ² (86,114ft ²).

6.33.2 Access

In addition to the number of loading spaces, adequate space shall be provided for the parking of vehicles awaiting access to loading, and any additional area as is necessary for the maneuvering of a truck-trailer either into or out of the loading space. Access to loading spaces shall be by means of a driveway at least 6m (19.6ft) wide contained within the lot on which the spaces are located and leading to a road or public lane located within or adjoining the zone in which the use is located.

6.33.3 Loading Space Dimensions

Each loading space shall be at least 15m (49.2ft) long, at least 3.5m (11ft) wide and shall have a vertical clearance of at least 4.5m (14.7ft).

6.33.4 Location of Loading Space

No loading space shall be located in the required front yard, nor shall any required off-road parking space be considered in calculating the required number of off-road loading spaces. On a corner lot loading spaces may be located between the main building and the flanking road but not within the required exterior side yard.

6.33.5 Surface and Drainage of Spaces and Driveways

Loading spaces and driveways thereto shall be constructed of asphalt, concrete or Portland cement binder, a stable surface of crushed stone or gravel and shall be maintained or treated so as to prevent the raising of dust or loose particles. Drainage shall be provided so as to prevent the flow of surface water on to adjoining lots.

6.33.6 Application of Loading Space Requirements

When a building or structure has insufficient loading spaces on the date of passing of this By-law to conform to the provisions herein, this by-law shall not apply to require that the deficiency be made up prior to the construction of any addition. In the case of an expansion or enlargement of an existing building or structure, the requirement for the provision of additional loading spaces shall be based on said expansion or enlargement. Notwithstanding [Section 6.32.1](#), where the building or structure is deficient in loading spaces, a loading space shall not be required for an expansion of 25 m² (269 ft²) or greater and less than 100m² (1076ft²).

6.33.7 Landscaping

Where a loading area adjoins any residential zone or a road then a planting area of a minimum width of 3m (9.8ft) shall be provided within the lot requiring such loading area and along the lot line adjoining such residential zone or road.

6.34 Municipal Roads

6.34.1 Municipal Roads - Class 1

Improved roads under the jurisdiction of the Corporation and shown on Schedule 'A' as Class 1 which are maintained on a year-round basis.

6.34.2 Municipal Roads - Class 2

Improved roads under the jurisdiction of the Corporation and shown on Schedule 'A' as Class 2 shall for the purposes of the By-law mean that the Corporation is not obligated to provide services on a year-round basis.

F. Prohibited Uses

6.35 Prohibited Uses in All Zones

- a) Unless explicitly stated to the contrary, the following uses are prohibited in all zones:
 - i. a junk yard, salvage yard, automobile wrecking yard, or the collection, storage or sale of junk, salvage, partially or completely dismantled motor vehicles or trailers, or parts thereof,
 - ii. the occupancy of trailers and tents,
 - iii. the construction of hunting cabins.
- b) In addition to the uses prohibited under clause (a), all uses of land and the erection or use of any building or structure for a purpose not permitted under the “Permitted Uses” subsection of one or more zones established by this by-law are and shall be deemed to be prohibited in each such zone, except for those uses of land and the erection or use of any building or structure for a purpose expressly permitted under the applicable provisions of this by-law.

Section 7 Establishment Of Zones

7.1 General

For the purposes of this By-law, the land area of the Corporation is hereby divided into various generalized and specific 'Zones' to which the provisions and regulations herein shall respectively apply.

7.2 Zone Symbols

- 7.2.1 The following Zones are hereby established and are designated on the Zoning Map Schedules by symbols consisting of letters and numbers, or letters only, as the case may be:

Zone	Symbol
Rural Zone 1 (General Rural)	RU1
Rural Zone 2 (Restricted Rural)	RU2
Residential Zone 1 (Detached Residential)	R1
Residential Zone 2 (Resort Residential)	R2
Residential Zone 3 (Semi-Detached/Duplex Residential)	R3
Residential Zone 4 (Low Density Multiple Family Residential)	R4
Residential Zone 5 (Medium Density Multiple Family Residential)	R5
Commercial Zone 1 (Business District Commercial)	C1
Commercial Zone 2 (Hamlet Commercial)	C2
Commercial Zone 3 (Resort Commercial)	C3
Commercial Zone 4 (Tent & Trailer Park & Commercial Campground)	C4
Highway Commercial & Industrial Zone	HCM
Rural Commercial & Industrial Zone	RCM
Extractive Industrial	EX
Institutional Zone	I
Open Space Zone (General Open Space)	OS
Municipal Infrastructure Services	MIS
Environmental Hazard Area Zone	EH
Planned Development Zone	PD

- 7.2.2 Whenever in this By-law the term 'Zone' is used, preceded or followed by any symbol, as the case requires, such combination shall refer to any area delineated on Schedule 'A' and designated therein by said symbol.

7.3 Special Use Provisions

Where any of the Zone symbols described in [Section 7.2.1](#) are shown on Schedule 'A' followed by a dash and a letter (e.g., R1-a) then special provisions and/or uses to the usual zone provisions apply to such lands. Such special provisions will be found by reference to that section of the By-law that deals with that particular zone. Lands designated in this manner shall be subject to all the restrictions of the zone, except as otherwise provided by the special provisions.

7.4 Special Holding Provisions

7.4.1 Holding Provisions

The symbol "H" when used in conjunction with a zone symbol (e.g., C1-H) denotes areas in which the use of land and the erection of buildings or structures will not be permitted in accordance with provisions for such zone designation. The removal of the holding symbol "H" by Council By-law will permit the use of land and erection of buildings and structures in accordance with the zone designation and its provisions. Until such time as the "H" symbol is removed, any lands so designated may be used for lawfully existing uses. The removal of the Holding symbol shall not require the holding of a public meeting.

An 'H', 'h', or 'Holding' symbol may be removed when the following conditions have been met:

- i) the owner/developer entering into a Site Plan Control or Subdivider's Agreement with the Municipality;
- ii) the owner/developer has completed to the satisfaction of the Municipality any traffic impact assessments, storm water management plans, flood control requirements and other such studies as required;
- iii) the owner/developer making arrangements for the installation of sanitary or storm sewer, water or road services;
- iv) the owner/developer receiving final approval for a plan of subdivision or condominium from the approval authority, and that all the conditions have been met such that the lots or units are ready for release;
- v) the owner/developer making arrangements for parking or loading spaces, including a cash-in-lieu for parking;
- vi) the development/redevelopment within any C-Commercial, HCM-Highway Commercial & Industrial, RCM-Rural Commercial & Industrial, and EX-Extractive Industrial Zone is in accordance with the design and site criteria established by the Municipality;
- vii) the owner/developer of lands within the HCM-Highway Commercial & Industrial Zone demonstrates that the development is space extensive in nature and cannot reasonably be located in the downtown core due to large lot area, outside storage or building area requirements.

7.4.2 Enlargements, Alterations, Additions to Existing Buildings or Structures in Zones with Holding Provisions

Notwithstanding the provisions of Section 7.5.1, alterations, additions, or enlargements to existing residential buildings or structures and accessory structures will be permitted provided

such buildings and structures were lawfully used for residential purposes on the date of the passing of this by-law and provided such alterations, additions or enlargements conform to the provisions of [Section 12](#) of this by-law.

7.4.3 Limited Municipal service (“lms”) Provisions

The symbol "lms" when used in conjunction with a zone symbol (e.g., R2-lms) denotes areas in which the use of land and the erection of buildings or structures is permitted in accordance with provisions for such zone designation however recognizing that only limited municipal services are available to the parcels. (Z-30-2009.68, By-law 2009-87, F&E 13Oct09)

7.4.4 H1 Holding Zone (archaeological potential) (Hobson Z26-2019.62)

Notwithstanding the underlying zoning designation on those lands identified as being subject to the H1 Holding Zone special provision, lot grading, excavation and/or construction shall not be permitted unless the H1 Holding Zone Special Provision is removed. The area of the H1 Holding Zone that may be lifted shall be limited to the area included in an archaeological assessment and may only be removed by Council upon receiving:

- i. approval from the Zoning Administrator that:
 - a) an archaeological assessment has been conducted by an archaeologist licensed in the Province of Ontario, and
 - b) the appropriate Provincial Ministry has approved and accepted the archaeological assessment into the Ontario Public Register of Archaeological Reports
 - c) the recommendations of the archaeological report have been implemented to his/her satisfaction

NOTE: Consultation with the Municipality is recommended prior to initiating an Archaeological Assessment.

7.5 Special Provisions for Existing Uses

Where any of the zone symbols described in [Section 7.2.1](#) are shown on Schedule "A" followed by a dash and a number one, (e.g., R1-1), then such lands so designated shall permit the use of the land, building or structure which existed at the date of the passage of the by-law. Any changes of use or expansion, enlargement or change in the use of the land, building or structure shall conform to the provisions of the applicable zone.

7.6 Incorporation Of Zoning Map

The locations and boundaries of the zones established by this By-law are shown on the maps appended hereto and which is referred to as Schedule 'A' and comprises the sectional parts of the zoning map and such maps together with everything shown thereon and all succeeding amendments thereto are hereby incorporated into and are declared to form part of this By-law.

7.7 Zoning Maps

7.7.1 Boundaries of Zones

Where any uncertainty exists as to the boundary of any zone as shown on the Zoning Map Schedule, the following provisions shall apply:

- (a) where a zone boundary is indicated as following and is within the boundary of a road, lane, or watercourse, the boundary shall be the centreline of such road, lane,

or watercourse.

- (b) where a zone boundary is indicated as approximately following lot lines shown on a registered plan of subdivision or lot lines of the original Township survey fabric, the boundary shall follow such lot lines.
- (c) where a zone boundary is indicated as approximately parallel to any road line and the distance from the road line is not indicated, such boundary shall be construed as being parallel to such road line, and the distance there from shall be according to the scale shown on the Zoning Map Schedule.
- (d) where a zone boundary is indicated as following a shoreline, the boundary shall follow such shoreline and, in the event that the shoreline changes, the boundary shall be taken as having moved with the shoreline.
- (e) where any zone boundary is left uncertain after application of the provisions of clauses a), b), c) and d) above, then the boundary shall be determined by the scale shown on the Zoning Map Schedule measured from the centre of the zone line.

7.7.1.2 Wherever it occurs, the municipal limit is the boundary of the zone adjacent to it.

7.7.2 Precedence of Schedules

In the event of a conflict or inconsistency between Schedule 'A' and another Schedule, the other Schedule shall take precedence over Schedule 'A' for those lands to which it more particularly refers.

7.7.3 Roads and Rights-of-Way

A road, public lane, electrical transmission right-of-way, or watercourses shown on Schedule 'A', unless otherwise indicated, shall be included within the zone of adjoining property on either side thereof and where such road, public lane, right-of-way or watercourse serves as a boundary between two or more different zones, the centre line of such road, public lane, right-of-way, or watercourse, and extending in the general direction of the long dimension thereof, shall be considered the boundary between zones unless otherwise indicated.

7.7.4 More Than One Zone on a Lot

Where a lot has two or more of its parts classified in different zones, then the provisions for each zone shall apply to each part as if said part was a separate lot, except that the lot area requirement for an agricultural use can include the part zoned in a Rural zone and any part that may be zoned Environmental Hazard.

Section 8 - General Provisions For All Rural Zones - RU

8.1 Provisions For Liquid Manure Storage Facilities

In any Rural Zone, the construction or alteration of a facility used for the storage of liquid manure shall be constructed or altered in accordance with the following provisions:

- (a) be constructed of:
 - (i) reinforced concrete or corrosion proof steel using current Ontario Ministry of Agriculture and Food plans or plans individually stamped by a professional engineer, or;
 - (ii) properly compacted clay lining provided that the clay content of soil is over 15%, the storage facility floor is situated at least 3 feet above bedrock or more pervious soil.
- (b) have walls that:
 - (i) extend 1.5 m (4.9 ft) or more above the surrounding grade level; with continuous fencing of plywood, metal paneling, or other suitable material, erected on top of or in contact with these walls; extending 1.2 m (3.9 ft) or more above the top edge of these walls; thus providing a wind-break for a total height of 1.5 m (4.9 ft) above the surrounding grade level; or
 - (ii) extend 0.25 m (.09 inches) or more above surrounding grade level; and have a solid cover of metal paneling or other suitable material erected on top of these walls; thus, providing an effective top seal for the storage facility, or have continuous fencing of plywood, metal paneling, or other suitable material, erected on top of or in contact with these walls; extending 1.5 m (4.9 ft) or more above the top edge of these walls.
- (c) have a safety sign warning of toxic gases installed at every access;
- (d) be adequate in size to contain the total amount of manure generated in any 200-day period by the agricultural operation plus any direct precipitation into the tank;
- (e) be sealed to prevent ground water from gaining entrance;
- (f) be erected not less than 60 m (196.8 ft) from any lake, stream, pond, well or other water source, municipal drain;
- (g) be erected in accordance with the setback requirements of the Agricultural Code of Practice;
- (h) a covered storage facility shall have:
 - (i) access ports that weigh at least 20.4kg (44.9lbs) and are attached by a chain to the storage top; and
 - (ii) a cover strong enough to support all vehicles and animal load or be protected by a safety fence and permanent warning signs.
- (i) an uncovered storage facility have walls or gates that:
 - (i) extend 1.5m (4.9ft) above adjacent ground level;
 - (ii) are constructed of concrete or other materials with opening less than 25.8cm (10 inches) in size; and,

- (iii) have three (3) strands of barbed wire on top if fence is climbable.
- (j) notwithstanding the foregoing paragraphs, liquid manure storage lagoons may be permitted provided that continuous fencing of plywood, metal paneling, or other suitable material extending to a height of at least 1.5m (4.9ft) above the surrounding grade level, is erected around the perimeter of such lagoon and provided that such lagoon is located not less than 45.7 m (149.9 ft) from any lake, stream, pond, municipal drain, or the edge of an Environmental Hazard Zone boundary, whichever is greater.

8.2 Number Of Residential Dwellings Per Lot

Except as otherwise provided, only one dwelling is permitted per lot, whether the dwelling is a principal building or an accessory building.

8.3 Existing Lots

- (a) In any Rural Zone, an existing lot may be used for any non-residential use permitted by the applicable zone notwithstanding that such lot may have a lesser lot area and/or frontage than the minimum required by the applicable zone and provided that all other provisions of this By-law are complied with.
- (b) In any Rural Zone an existing lot may be used for a residential dwelling notwithstanding that such lot may have lesser lot area and/or frontage than the minimum required and provided that such lot and building shall conform to the provisions for residential uses in the RU1 zone and all other provisions of this by-law.

8.4 Minimum Separation Distances Between Agricultural And Non-Agricultural Uses

- a) Notwithstanding any other provisions in this By-law, unless explicitly stated to the contrary, no residential, institutional, commercial, industrial, or recreational use, building or structure, located or proposed on a separate lot in the zone in which the lot is located, shall be erected or altered unless it complies with the Minimum Distance Separation Formulae (MDS I).
- b) Notwithstanding any other provisions in this By-law, unless explicitly stated to the contrary, no livestock facility or manure storage facility shall be erected or expanded unless it complies with the Minimum Distance Separation Formulae (MDS II).
